HEADWEAR STYLES

6 PANEL

The Classic 6 panel baseball cap is as authentic as the game itself. Available in a wide range of profiles and fit, this traditional cap style is the go-to look for players, fans, and outdoor enthusiasts.

BEANIE

Also commonly referred to as knits or a Toque, this knitted headwear style is designed primarily for cold weather conditions but is also worn as a fashion accessory. Clip labels or small patches are the best decoration methods for this headwear style.

VISOR

Visors are designed to shield the sun from your eyes and keep your head cool. Small, simple decoration designs work best on this style of headwear.

5 PANEL/PINCH

The 5 panel is made with a flat or pinched front panel making it the perfect construction for models with a printed front panel. The seamless front panel also makes it one of the easiest cap styles to decorate.

7 PANEL

This unique and modern looking style offers a large seamless front panel with a curved top seam. The large seamless front makes this style ideal for all types of decoration.

BRIMMED

Brimmed headwear styles are designed for maximum protection from the elements and feature a 360 degree brim. Available with performance fabrics or straw. Well suited for applique or small patch decorations.

CAP PROFILES AND FUNCTIONS

HI-PRO

Retro crown shape with tall front panels and sloped back panels.

FULL-PRO

A traditional Pro Pattern with full shaped front and back panels.

MID-PRO

Our standard Pro Pattern with slightly rounded crown shape.

CASUAL STRUCTURED

Lower profile crown shape with buckram lined front panels.

RELAXED UNSTRUCTURED

Low profile, relaxed crown shape without structure.

STRAW

Our Straw profile comes in three varieties; Ranch, Safari, and Gambler.

DECORATION STYLES

EMBROIDERY

The classic look of direct embroidery is a proven decoration method commonly used on baseball style caps. Best used for designs with larger design detail and is available with a 3D option.

APPLIQUE

Twill, felt, woven or printed appliques add a dimensional, stitched on look to your design. This decoration type is well suited for unstructured cap styles and lighter weight fabrics.

PATCHES

A traditional decoration method reinvented and is now the go to look for style conscious headwear buyers. Patches can deliver a higher level of detail than direct embroidery and are available in sublimated, woven, rubber or embroidered options.

TRANSFERS

This modern decoration method delivers a very clean look and is ideal for complex and multi-colored designs. Great for our lightweight performance cap styles.

LEATHER

Our etched or debossed leather applique gives your design a natural, rugged look with a touch of class. Ideal for complex designs with small detail and that look good in a one-color application. Available in natural leather or colored faux leather.

CLIP LABELS

An understated decoration method that provides a subtle branding touch to knits, caps or hats. Available as a woven label, etched natural leather or faux leather.
